3) Discussed with the Secretary, L S G

From the P U D it is observed that the Commerce and Industries Department sanctioned the quotation of Messrs Garlick and Co~~x~~ (Private) Ltd , for the supply of pumps required for Gulbarga Water supply Scheme They permitted the Executive Engineer to place orders direct with the firm But they took lot of time to issue such instructions to the Executive Engineer -- Thus there was lapse of time in the receipt of quotations ~~and that~~ & when the order was actually placed on the firm Messrs Garlick and Co., have now informed the executive Engineer that due to increase in the price of steel it will not be possible for them to supply pipes at the original rates quoted by them ~~previously~~ and they request to accept their quotations at enhanced rates which may come to about 10% more than the original quotations The Divisional Commissioner requests that permission of the Government may be given ~~to the Executive Engineer~~ to purchase pipes at enhanced rates from the firm & the E.E be empowered to place order with them

In view of the circumstances explained above, the recommendation of the Divisional Commissioner may be accepted
